

# Little Scientists of Utah

Learn while having lots of fun!

## About Us

We are a private day care provider in Lehi, Utah who are passionate about children and early STEAM education. We believe that the best time to start learning and discovering science is in early childhood. Our mission is to inspire children to dream big and become. Our teachers are professionals in STEAM fields who love children and are committed to pass on their knowledge to the next generation of scientists in a fun way. Who said science is boring?! Give us a chance to prove that wrong.

# Little Scientists of Utah

Learn while having lots of fun!
